

To: Ms. Nancy,

First things first I would like to thank you for taking the time out of your day to hop on zoom and give us an ART Lesson. I would've never knew I could do those things because that's a gift, not everyone has the patience to draw lines and wait for it to turn into a master piece. Your ART class helped me alot helped me gain confidence in myself and my ART work, also kept me from thinking negative it got me threw my day like all the staff at JDC got me through hard moments and they don't even know they all had an impact on me a good one. I love all the staff there every single one of them I see them as family, but back to this I really loved your class I hope others use your class to help them selves out. I was hoping we could do a in person class session but you know covid messed everything up. What I also enjoyed about your class that it brought people out of their shells made them realize things they never knew they could do like me. But Ms. Nancy I think that's all I got for you at the moment I appreciate you for taking your time to read this letter you take care.

Sincerely,
